Welcome and Introduction

Welcome to the School of Social Work Baccalaureate of Social Work (BSW) Program! We are excited to celebrate our 33rd year of providing the Baccalaureate Social Work degree at UNC Charlotte. It's important to acknowledge our history in order to celebrate our accomplishments.

Social Work education at UNC Charlotte is a long-standing tradition. Social work courses were first offered as supplemental courses in the Sociology major in 1970. By 1989, a full BSW Degree program was established. The UNC Charlotte BSW major achieved national accreditation through the Council on Social Work Education (CSWE) in 1992, and the BSW Program has been nationally accredited ever since. Beginning in 2000, a Master of Social Work (MSW) Program was added to the Department. In the summer of 2006, the School began its Advanced Standing Program, allowing those possessing the BSW degree to obtain their MSW in one full calendar year (May to May). In 2017, the School added a 3 Year MSW Hybrid program that offered flexibility for individuals interested in pursuing an MSW degree while they worked. Starting summer 2021, the 3 Year MSW Hybrid program became a fully online MSW program. These are exciting new opportunities for UNC Charlotte BSW students and for community members who already possess the BSW degree.

UNC Charlotte graduates are employed in areas such as family preservation, mental health, intellectual and developmental disabilities, gerontology, child protective services, substance use treatment facilities, hospitals, youth and children services, criminal justice, adoptions/foster care, hospice, and long term care. Our graduates work from the coast to the mountains of North Carolina as well as across the United States. As a graduate of the BSW Program at UNC Charlotte, you will join the ranks of influential professional social workers that make a difference in the lives of thousands of people. Welcome to the challenge!

There are 2 important manuals that you need to review as a BSW student: 1) BSW Student Handbook, and 2) [Practicum Education Handbook](#). This Student Handbook contains information about the BSW major and the UNC Charlotte School of Social Work. School policies and procedures for entering the major, navigating the curriculum, and proceeding successfully toward graduation are included. Please read the handbook in its entirety; a bit of time spent now will greatly enhance your experience in the program.

BSW students must comply with University policies as well. They are not reproduced in this handbook, and you remain responsible for knowing about and complying with all University policies. You can access university-based policies on the UNC Charlotte website located at www.charlotte.edu.

Please note: The BSW Program requires students to use their UNC Charlotte email accounts, and to check their accounts frequently. Members of the School are required to use the UNC Charlotte email system when communicating with you (and not personal email addresses). Checking and responding to email facilitates good communication between the School and students.

UNC Charlotte Mission

As North Carolina's urban research university, UNC Charlotte is a diverse and inclusive institution with local-to-global impact that transforms lives, communities, and industries through access and affordability, exemplary bachelor's, master's, doctoral, and professional programs, scholarship, creative work, innovation, and service.

UNC Charlotte Vision and Values

In fulfilling our mission, we envision a University that promises:

- An accessible and affordable quality education that equips students with intellectual and professional skills, ethical principles, and an international perspective.
- A strong foundation in liberal arts and opportunities for experiential education to enhance students' personal and professional growth.
- A robust intellectual environment that values social and cultural diversity, free expression, collegiality, integrity, and mutual respect.
- A safe, diverse, team-oriented, ethically responsible, and respectful workplace environment that develops the professional capacities of our faculty and staff.

To achieve a leadership position in higher education, we will:

- Rigorously assess our progress toward our institutional, academic, and administrative plans using benchmarks appropriate to the goals articulated by our programs and in our plans.
- Serve as faithful stewards of the public and private resources entrusted to us and provide effective and efficient administrative services that exceed the expectations of our diverse constituencies.
- Create meaningful collaborations among university, business, and community leaders to address issues and opportunities of the region.
- Develop an infrastructure that makes learning accessible to those on campus and in our community and supports the scholarly activities of the faculty.
- Pursue opportunities to enhance personal wellness through artistic, athletic, or recreational activities.
- Operate an attractive, environmentally responsible and sustainable campus integrated with the retail and residential neighborhoods that surround us.

College of Health and Human Services at the University of North Carolina at Charlotte

The School of Social Work is located within the College of Health and Human Services (CHHS) at UNC Charlotte. CHHS is comprised of the following academic units: The Department of Applied Physiology, Health, and Clinical Sciences, The Department of Public Health Sciences, the School of Social Work, School of Data Science, and the School of Nursing. Graduate and undergraduate degree programs are offered within our college and our programs are professionally recognized, accessible, nationally and globally relevant, and responsive to

changing needs of health care and human services in the state and region. We also host the interdisciplinary Gerontology and Health Informatics programs.

The mission of CHHS is to achieve excellence through informed and effective teaching in its degree programs, community partnerships, professional activities and scholarship to create knowledge, advance science and inform ethical and culturally responsive practice in the health and human service professions. We aspire to grow our national and global relevance and to remain responsive to the changing health care and human service needs of our urban region and the state.

School of Social Work at UNC Charlotte

The social work graduate and undergraduate program was previously housed within a Department of Social Work. In 2015, with approval from the University, the department transitioned into a School of Social Work. This designation furthered opportunities for continued growth, expansion and development. During the fall of 2022, the School of Social Work initiated the process of launching a BSW Online Program. The University of North Carolina at Charlotte and the UNC System approved the start of the BSW Online Program to begin fall 2025.

Vision of the School of Social Work

The vision of the School of Social Work is to foster optimal health and well-being, equal human rights, and a just society.

Mission of the School of Social Work

The mission of the School of Social Work is to prepare future social work professionals for leadership in culturally-informed, community-engaged practice, policy, and research, with a particular emphasis on persistent and emerging social problems in rapidly diversifying urban areas locally, nationally, and globally.

Social Work as a Profession

The UNC Charlotte School of Social Work philosophically aligns itself with the social work profession as depicted by the professional associations of the National Association of Social Workers (NASW) and the Council on Social Work Education (CSWE). According to the Council on Social Work Education (CSWE), the purpose of the social work profession is to:

Promote human and community well-being. Guided by a person-in-environment framework, a global perspective, respect for human diversity, and knowledge based on scientific inquiry, the purpose of social work is actualized through its quest for social, racial, economic, and environmental justice; the creation of conditions that facilitate the realization of human rights; the elimination of poverty; and the enhancement of life for all people, locally and globally. (p. 14).

The social work profession is rooted in six core values including: 1) service; 2) social justice; 3) dignity and worth of the person; 4) importance of human relationships; 5) integrity; 6) competence. Additionally, we strongly adhere to the NASW Code of Ethics which is located at this link: <https://www.socialworkers.org/about/ethics/code-of-ethics/>

[code-of-ethics-english](#)

Social Work Education Generalist Social Work Practice

The BSW degree prepares graduates for generalist social work practice. Generalist practice relates to utilizing multiple types of intervention that would be useful for different types of social systems and client populations. Emphases are placed on the following:

- development of therapeutic working relationships with clients
- assessment of client systems from a diversity-affirming, ecological systems perspective
- establishment of accurate and appropriate problem definitions and goals for intervention
- utilization of varying intervention approaches, depending on the unique characteristics and needs of diverse client systems; linkage with resources
- empowerment through identifying client strengths and enhancing client problem-solving, coping, and developmental capacities
- application of baccalaureate-level research and evaluation methods

All of these emphases related to generalist practice are centered in professional social work values and ethics within an increasingly global environment and are designed to affirm the human rights of diverse groups of people, especially populations-at-risk and groups which have historically been oppressed due to race, ethnicity, socioeconomic status, gender, sexual orientation, age, and ability.

BSW Program Mission, Goals, Competencies and Practice Behaviors

BSW Program Mission and Goals

The BSW Program educates students to become competent social work professionals in practice, research, service, and advocacy areas who are prepared to:

1. Promote human and community well-being by advocating for and promoting expansion of diversity, inclusion, access, and equity.
2. Challenge social, racial, economic, and environmental injustice to reduce poverty and facilitate realization of expanded human rights.
3. Pursue positive social change to enhance quality of life for all through:
 - A strengths-based, person in environment construct that values the dignity and worth of every person;
 - A local, regional, state, and/or global perspective;
 - Knowledge based on a scientific inquiry- driven curriculum.
4. Engage, assess, evaluate, and coordinate on all levels (micro, mezzo, macro) with individuals, families, groups, communities, and organizations.
5. Uphold the core social work values of service, social justice, the dignity and worth of every person, the importance of human relationships, integrity, competence, human

rights, and scientific inquiry, and practice through use of an anti-racist and anti-oppressive perspective.

Goals

Graduates of the UNC-Charlotte BSW Program will be able to:

- a. Use a wide range of prevention and intervention methods in their practice with individuals, families, groups, organizations, and communities;
- b. Apply ethical principles, critical thinking, and incorporate diversity, and equity in their practice;
- c. Recognize, support, and build on the strengths and resiliency of all human beings; and
- d. Engage in culturally informed research informed practice, respond proactively to the impact of context on professional practice, and integrate all the BSW Program's core competencies in practice.

Graduates of the UNC-Charlotte BSW Program will practice generalist social work in a manner that values service, social justice, the dignity and worth of the person, the importance of human relationships, integrity, competence, human rights, safety and scientific inquiry.

Competencies and Practice Behaviors¹

Graduates of the BSW Program will, at a minimum, leave with the competencies listed below. Competencies have been numbered in the same manner as they are numbered in the 2022 CSWE Educational Policy and Accreditation Standards.

Competency 1: Demonstrate Ethical and Professional Behavior

Social workers understand the value base of the profession and its ethical standards, as well as relevant policies, laws, and regulations that may affect practice with individuals, families, groups, organizations, and communities. Social workers understand that ethics are informed by principles of human rights and apply them toward realizing social, racial, economic, and environmental justice in their practice. Social workers understand frameworks of ethical decision making and apply principles of critical thinking to those frameworks in practice, research, and policy arenas. Social workers recognize and manage personal values and the distinction between personal and professional values. Social workers understand how their evolving worldview, personal experiences, and affective reactions influence their professional judgment and behavior. Social workers take measures to care for themselves professionally and personally, understanding that self-care is paramount for competent and ethical social work practice. Social workers use rights-based, antiracist, and anti-oppressive lenses to understand and critique the profession's history, mission, roles, and responsibilities and recognize historical and current contexts of oppression in shaping institutions and social work. Social workers understand the role of other professionals when engaged in interprofessional practice. Social workers recognize the importance of lifelong learning and are committed to continually updating their skills to

¹ The Council on Social Work Education mandates the competencies and associated practice behaviors. The Program must be able to demonstrate that graduates are able to perform the practice behaviors in order for the Program to maintain its accreditation.

ensure relevant and effective practice. Social workers understand digital technology and the ethical use of technology in social work practice. Social workers:

- Make ethical decisions by applying the standards of the National Association of Social Workers Code of Ethics, relevant laws and regulations, models for ethical decision making, ethical conduct of research, and additional codes of ethics within the profession as appropriate to the context; The Nine Social Work Competencies 2022 Educational Policy and Accreditation Standards.
- Demonstrate professional behavior; appearance; and oral, written, and electronic communication.
- Use technology ethically and appropriately to facilitate practice outcomes.
- Use supervision and consultation to guide professional judgment and behavior.

Competency 2: Advance Human Rights and Social, Racial, Economic, and Environmental Justice

Social workers understand that every person regardless of position in society has fundamental human rights. Social workers are knowledgeable about the global intersecting and ongoing injustices throughout history that result in oppression and racism, including social work's role and response. Social workers critically evaluate the distribution of power and privilege in society in order to promote social, racial, economic, and environmental justice by reducing inequities and ensuring dignity and respect for all. Social workers advocate for and engage in strategies to eliminate oppressive structural barriers to ensure that social resources, rights, and responsibilities are distributed equitably and that civil, political, economic, social, and cultural human rights are protected. Social workers:

- Advocate for human rights at the individual, family, group, organizational, and community system levels.
- Engage in practices that advance human rights to promote social, racial, economic, and environmental justice.

Competency 3: Engage Anti-Racism, Diversity, Equity, and Inclusion (ADEI) in Practice

Social workers understand how racism and oppression shape human experiences and how these two constructs influence practice at the individual, family, group, organizational, and community levels and in policy and research. Social workers understand the pervasive impact of White supremacy and privilege and use their knowledge, awareness, and skills to engage in anti-racist practice. Social workers understand how diversity and intersectionality shape human experiences and identity development and affect equity and inclusion. The dimensions of diversity are understood as the intersectionality of factors including but not limited to age, caste, class, color, culture, disability and ability, ethnicity, gender, gender identity and expression, generational status, immigration status, legal status, marital status, political ideology, race, nationality, religion and spirituality, sex, sexual orientation, and tribal sovereign status. Social workers understand that this intersectionality means that a person's life experiences may include oppression, poverty, marginalization, and alienation as well as privilege and power. Social workers understand the societal and historical roots of social and racial injustices and the forms and mechanisms of oppression and discrimination. Social workers understand cultural humility and recognize the extent to which a culture's structures and values, including social, economic, political, racial, technological, and cultural exclusions, may create privilege and power resulting in systemic oppression. Social workers:

- Demonstrate anti-racist and anti-oppressive social work practice at the individual, family, group, organizational, community, research, and policy levels.
- Demonstrate cultural humility by applying critical reflection, self-awareness, and self-regulation to manage the influence of bias, power, privilege, and values in working with clients and constituencies, acknowledging them as experts of their own lived experiences.

Competency 4: Engage in Practice-informed Research and Research-informed Practice

Social workers use ethical, culturally informed, anti-racist, and anti-oppressive approaches in conducting research and building knowledge. Social workers use research to inform their practice decision making and articulate how their practice experience informs research and evaluation decisions. Social workers critically evaluate and critique current, empirically sound research to inform decisions pertaining to practice, policy, and programs. Social workers understand the inherent bias in research and evaluate design, analysis, and interpretation using an anti-racist and anti-oppressive perspective. Social workers know how to access, critique, and synthesize the current literature to develop appropriate research questions and hypotheses. Social workers demonstrate knowledge and skills regarding qualitative and quantitative research methods and analysis, and they interpret data derived from these methods. Social workers demonstrate knowledge about methods to assess reliability and validity in social work research. Social workers can articulate and share research findings in ways that are usable to a variety of clients and constituencies. Social workers understand the value of evidence derived from interprofessional and diverse research methods, approaches, and sources. Social workers:

- Apply research findings to inform and improve practice, policy, and programs.
- Identify ethical, culturally informed, anti-racist, and anti-oppressive strategies that address inherent biases for use in quantitative and qualitative research methods to advance the purposes of social work.

Competency 5: Engage in Policy Practice

Social workers identify social policy at the local, state, federal, and global level that affects wellbeing, human rights and justice, service delivery, and access to social services. Social workers recognize the historical, social, racial, cultural, economic, organizational, environmental, and global influences that affect social policy. Social workers understand and critique the history and current structures of social policies and services and the role of policy in service delivery through rights based, anti-oppressive, and anti-racist lenses. Social workers influence policy formulation, analysis, implementation, and evaluation within their practice settings with individuals, families, groups, organizations, and communities. Social workers actively engage in and advocate for anti-racist and anti-oppressive policy practice to effect change in those settings. Social workers:

- Use social justice, anti-racist, and anti-oppressive lenses to assess how social welfare policies affect the delivery of and access to social services.
- Apply critical thinking to analyze, formulate, and advocate for policies that advance human rights and social, racial, economic, and environmental justice.

Competency 6: Engage with Individuals, Families, Groups, Organizations, and Communities

Social workers understand that engagement is an ongoing component of the dynamic and interactive process of social work practice with and on behalf of individuals, families, groups,

organizations, and communities. Social workers value the importance of human relationships. Social workers understand theories of human behavior and person-in-environment and critically evaluate and apply this knowledge to facilitate engagement with clients and constituencies, including individuals, families, groups, organizations, and communities. Social workers are self-reflective and understand how bias, power, and privilege as well as their personal values and personal experiences may affect their ability to engage effectively with diverse clients and constituencies. Social workers use the principles of interprofessional collaboration to facilitate engagement with clients, constituencies, and other professionals as appropriate. Social workers:

- Apply knowledge of human behavior and person-in-environment, as well as interprofessional conceptual frameworks, to engage with clients and constituencies.
- Use empathy, reflection, and interpersonal skills to engage in culturally responsive practice with clients and constituencies.

Competency 7: Assess Individual, Families, Groups, Organizations, and Communities

Social workers understand that assessment is an ongoing component of the dynamic and interactive process of social work practice. Social workers understand theories of human behavior and person-in-environment, as well as interprofessional conceptual frameworks, and they critically evaluate and apply this knowledge in culturally responsive assessment with clients and constituencies, including individuals, families, groups, organizations, and communities. Assessment involves a collaborative process of defining presenting challenges and identifying strengths with individuals, families, groups, organizations, and communities to develop a mutually agreed-upon plan. Social workers recognize the implications of the larger practice context in the assessment process and use interprofessional collaboration in this process. Social workers are self-reflective and understand how bias, power, privilege, and their personal values and experiences may affect their assessment and decision making. Social workers:

- Apply theories of human behavior and person-in-environment, as well as other culturally responsive and interprofessional conceptual frameworks, when assessing clients and constituencies.
- Demonstrate respect for client self-determination during the assessment process by collaborating with clients and constituencies in developing a mutually agreed-upon plan.

Competency 8: Intervene with Individuals, Families, Groups, Organizations, and Communities

Social workers understand that intervention is an ongoing component of the dynamic and interactive process of social work practice. Social workers understand theories of human behavior, person-in-environment, and other interprofessional conceptual frameworks, and they critically evaluate and apply this knowledge in selecting culturally responsive interventions with clients and constituencies, including individuals, families, groups, organizations, and communities. Social workers understand methods of identifying, analyzing, and implementing evidence-informed interventions and participate in interprofessional collaboration to achieve client and constituency goals. Social workers facilitate effective transitions and endings. Social workers:

- Engage with clients and constituencies to critically choose and implement culturally responsive, evidence-informed interventions to achieve client and constituency goals.

- Incorporate culturally responsive methods to negotiate, mediate, and advocate with and on behalf of clients and constituencies.

Competency 9: Evaluate Practice with Individuals, Families, Groups, Organizations, and Communities

Social workers understand that evaluation is an ongoing component of the dynamic and interactive process of social work practice with and on behalf of diverse individuals, families, groups, organizations, and communities. Social workers evaluate processes and outcomes to increase practice, policy, and service delivery effectiveness. Social workers apply anti-racist and anti-oppressive perspectives in evaluating outcomes. Social workers understand theories of human behavior and person-in-environment, as well as interprofessional conceptual frameworks, and critically evaluate and apply this knowledge in evaluating outcomes. Social workers use qualitative and quantitative methods for evaluating outcomes and practice effectiveness. Social workers:

- Select and use culturally responsive methods for evaluation of outcomes.
- Critically analyze outcomes and apply evaluation findings to improve practice effectiveness with individuals, families, groups, organizations, and communities.

BSW Admission Information

Students who declare social work as their major are designated in Banner as pre-social work majors, also referred to as being in Lower Division. Students in Lower Division apply to and matriculate into Upper Division to complete the requirements for the BSW degree. Students admitted to Upper Division will have their major code changed in Banner to SOWK. Below is the criteria used for admission to Upper Division and an overview of the selection process.

Criteria Used for Admission to BSW Upper Division:

- **Minimum GPA as evidenced in DegreeWorks**
Cumulative UNC Charlotte GPA of 2.5 or higher by the start of Upper Division. Applicants with fewer than 12 credits earned at UNC Charlotte must also have a cumulative transfer GPA of 2.5 or higher.
- **Course Credits and Prerequisites as evidenced in DegreeWorks**
 - The applicant has earned 60 credits or will have earned 60 credits by the start of Upper Division.
 - The applicant has already completed or will have completed by August and earned satisfactory grades (C or better) in BIOL 1110, BIOL 1110L, POLS 1110 or 1511, PSYC 1101, STAT 1222, SOCY 1101, SOWK 1101 or 1511, SOWK 2182 and SOWK 2183.
 - The applicant should be on track for completing all general education requirements (i.e. - general education courses, math) by the start of Upper Division. Applicants can be enrolled in spring and summer courses at the time of the application.
- **Resume**
- **Essay - 4-5 double-spaced pages; APA 7th edition format**
 - Please discuss your reasons for seeking admission into the BSW Program and your career goals.

- Describe a social problem social workers might address through their work. Include research that helps the reader better understand the problem.
- Discuss what a social worker might do to ensure they help and do not cause harm to those they serve. Please feel welcome to include one or more examples based on past work or volunteer experience, but including examples from your experience is optional and not required.
- Students in the BSW program complete coursework during the first year in Upper Division. In the second in Upper Division, students complete coursework along with a practicum (internship). The practicum will be 16-hours per week in both the fall and spring. Please share your plan for being able to fit the BSW program, including the practicum, into your life. Be specific in your plan of how you will accomplish your practicum placement, classes, and other responsibilities (e.g., - if you are also working). The plan you describe is not a binding plan. The admissions committee is committed to student success and is simply seeking to confirm that students have spent time reflecting on what their plan may be.

Admission offers are conditioned upon verification in August of the satisfactory completion program prerequisites, general education requirements, and a GPA of 2.5.

Occasionally, in an effort to help students stay on track for a timely graduation, students may be admitted who do not meet all of the above criteria (i.e. - missing a prerequisite). If an exception is made, the student must be able to outline a plan for completing the requirement(s).

Application Submission Timeline: The priority deadline is March 15th. Applications are accepted January 1st - July 15th annually.

Transfer Student Application Submission Timeline: January 1st - July 15th annually.

Overview of Application and Selection Process:

The application process for Upper Division is competitive and not all applicants who meet the minimum criteria for admission will be accepted. Applications are submitted electronically between February 1st and July 1st of each year through a form located on [an application page](#) found on the [School of Social Work website](#). Applications are reviewed by the BSW Admissions Committee which is composed of full-time social work faculty members who regularly teach in or administratively support the BSW program. Additional faculty members and staff may also review components of the application. The following materials are submitted: Application form, resume, essay, and transcripts from any colleges attended other than UNC Charlotte if the information is not in DegreeWorks. Application elements (academic preparation, experience, and essay prompts) are scored using a BSW Application Rating Rubric which is based on a point system. Competitive applicants (those with highest scores) are selected until all seats are filled. Applicants are notified of the decision of admission or denial on a rolling basis, but no later than August 1st, via an attached letter sent to their University email address. There is not a waitlist for Upper Division. Applicants who have been offered admission to the BSW Program and who wish to accept the offer will need to submit their electronic enrollment form by the deadline identified in the acceptance letter. If the form is not returned by the deadline, it will be assumed that the student has declined the offer. Students not accepted into Upper Division are

encouraged to meet with their Lower Division CHHS academic advisor for further academic planning. Students not accepted into Upper Division may reapply the following year. However, this may delay time to graduation and is not typically recommended. Those who do not continue in the BSW major have the option of declaring another major at the University.

Additional Information for Applicants:

- Academic credit is not given for life experience, nor is life experience part of the admission rating rubric. This is communicated to applicants via the School of Social Work website and student handbooks.
- Applicants with past convictions who are offered admission and opt to enroll would be doing so with the understanding that this background could be a potential barrier to graduation or future employment. The Practicum Office does make efforts to assist students with a positive background check in finding a practicum placement. Students are given the opportunity to communicate any potential background check issues with the Practicum Office.
- Persons with disabilities who need assistance in the admission process must contact the School of Social Work to request such assistance a minimum of fifteen days prior to the application deadline. The applicant will be connected with the Office of Disability Services to request that a staff member assist the applicant with completing the application.
- Students who leave the major in good standing or are dismissed from the program and wish to return can contact the BSW Program Director for guidance related to readmission.

Readmission for Students who Withdraw from Upper Division while in Good Academic and Professional Standing:

A student who is admitted to Upper Division courses but exits the program before graduating due to personal or academic reasons, is eligible to re-enter the BSW Program *without reapplying* if all of the following conditions are met:

- The student stopped attending while in good academic and professional standing within the past seven years
- The student meet the current eligibility criteria for admission including GPA
- The student is a current UNC Charlotte student
- The student agrees to a revised academic plan, developed by the BSW Program Director, identifying courses required to earn the BSW degree since there may have been changes to the curriculum since the student last attended.

Readmission for Students Dismissed from Upper Division for Academic or Professional Reasons:

If a student has been dismissed from the BSW Program for academic or professional reasons, they are eligible *to re-apply* to the BSW Program if all of the following conditions are met:

- There have been a minimum of 24 consecutive months of separation from the program

- The student meets the eligibility criteria for admission to the BSW Program
- The student is a current UNC Charlotte student

The BSW admissions committee, when reviewing the application, can take into consideration University policies, School of Social Work policies, the reasons the student was dismissed from the BSW Program, and the student's current academic and professional standing. The BSW Admissions committee can also consult as needed with University administrators and faculty. Being eligible to reapply is not a guarantee of admission. Students applying for readmission will be given the opportunity to submit a letter of explanation to the committee regarding past and present circumstances.

Prior to returning to course work, a readmitted student would need to agree in writing to an academic plan outlined by the BSW Program Director identifying courses required to earn the BSW degree. Since there may have been changes to the curriculum since the student last attended, a student may be required to take additional or new courses than those specified at the time of the student's original admission to the program.

Readmission to the Lower Division Major:

The School of Social Work will approve all requests for readmission to the social work lower division program. However, we are committed to ensuring timely progression through our program. There may be instances where we advise students to consider other degree programs such as if it appears they may not be able to complete our program in a timely manner. Nonetheless, students have the right to exercise discretion about whether to continue with the major or consider another degree program.

Statement Addressing Equity and Inclusivity in Admission Policies and Procedures:

The BSW program has been intentional about creating policies and procedures that are equitable and inclusive with particular attention to underrepresented as well as historically and currently oppressed groups. A few examples of our intentionality include:

- Creating the Rising Star program which enables 5% of seats in the BSW program to be reserved for students identified by the admissions committee as having potential for success and who meet the admission criteria, but may not be as competitive as other applicants.
- Admitting students, on occasion, who are missing required courses in an effort to help students stay on track for a timely graduation. If an exception is made, the student is required to outline a plan for completing the missing requirement(s).
- Faculty administrators working closely with University transfer advisors to ensure transfer students know to apply to the program and are clear on admission requirements so they do not end up taking an extra unnecessary year to graduate.
- Inviting students to identify their pronouns in the BSW Upper Division application.
- Working to develop an online BSW program to increase program access.

These efforts reduce barriers for students including underrepresented student populations. This results in expanded access and opportunity to pursue the BSW degree. Some of the above efforts also save students time and money by enabling students to stay on track for graduation.

BSW Degree Requirements

The major in Social Work is based on a liberal arts foundation, augmented by social work and social work-related courses. In addition to completing all University general education requirements, the BSW major requires that students complete 80 credits made up of 61 credits in required SOWK core courses and 19 credits in required courses from other disciplines.

The checklist below outlines the required courses for the Social Work Degree:

Academic Advising Checklist for Bachelor of Social Work (BSW)

Lower Division Progression Notes:

- All BSW pre-major courses with an asterisk(*) below require a grade of C or better.
- Students must submit an academic petition for a Transient Study before taking any courses at other institutions. Last 25% of all degrees must be earned from UNC Charlotte.
- All BSW Lower Division Pre-Major and Global and Local Theme Courses must be completed BEFORE beginning BSW Upper Division.
- University Requirements: A minimum cumulative GPA of 2.0 for course progression, completion of a minimum of 120 hours.

BSW Major Sample Curriculum Plan

The following is a sample curriculum layout for a social work major. It is important to note that social work courses can only be used for the major if they have been obtained within the last five years. Social Work is a professional program, with changes in the Practicum occurring

frequently. Whether “older” courses are equivalent to those currently in the curriculum is determined by the Program Director. The same is true of courses taken at other institutions.

For Students with a 2020-2021 (and onward) catalog year on Degree Works

Total Hours: 120-123

adheres to university policy of 120 hours

The curriculum is designed so that students complete the liberal arts foundation courses during the first two years. Students begin taking lower division social work courses during the second year, including the Introductory course (SOWK 1511) and the Human Behavior and Social Environment (SOWK 2182, 2183). Students **are required to** complete all lower division social work course requirements prior to being admitted to the upper division program. From the beginning, introductory (second year) social work courses expose students to the Diversity, Populations-at-Risk and Social and Economic Justice, and Values and Ethics, which are either infused or integrated into the other courses. “Infused” refers to incorporating the Content Area in all courses, while “integrated” refers to incorporating the Content Area in many but not necessarily all of the courses.

It is possible for students enrolled in North Carolina’s community colleges to transfer to UNC Charlotte with most, if not all, of their General Education requirements met. In most cases, transfer students must attend the first summer session and take SOWK 1101 and 2182, which are required for admission to the Program. Students take SOWK 2183 in the second summer session, and it is during this time period when applications to the BSW Program are submitted.

The curriculum is integrated vertically as it builds from the second to third to final year. The HBSE courses, which are taken in the second year, provide a broad base of knowledge and conceptual material that is utilized in the other Content Areas that follow. Examples include systems theory, theories relevant to various system levels, human diversity, life cycle theory, and social justice concerns. Other Content Areas (Diversity, Policy, Populations-at-Risk and Social and Economic Justice, and Research) are either introduced or elaborated upon during the third year emphasizing social welfare, policy, and social work electives. Practicum and Seminar occurs in the final year when students integrate and apply learning from content areas to a Practicum setting as a generalist social worker. In the practicum courses, students are required

to complete assignments that build upon learning in previous courses: case analyses, an agency analysis paper, a practice evaluation assignment, and an integrative journal. Seniors should remain in the same practicum section for the entire year. When they transition from SOWK 3482 to SOWK 3484 between fall/spring they must remain with the same practicum liaison and same class section.

Academic and Professional Advising

Lower Division Social Work majors receive academic advising through the Office of Student Services (OSS) in the College of Health and Human Services (CHHS).

Here are some common reasons you may seek advising at the lower division level:

- You need academic advising for majors or minors in the CHHS
- You need help with university forms, policies and procedures
- You need to learn about the various academic and student support resources of the campus
- Or if you just have questions about being a student at UNC Charlotte and don't know where else to go for assistance.

Additional information about the advising office is located at the following link:

https://health.charlotte.edu/chhs_advising_center

Upper Division Student Advising

Academic and professional advising is provided by BSW program Faculty. Students are assigned a BSW faculty advisor upon entering the program and usually retain that advisor for the full course of study. Changes in faculty and faculty work assignments may dictate a change in student advisors. Additionally, Upper Division Students will maintain their previously assigned CHHS academic advisor as well .

Academic and professional advising is considered to be an ongoing and collaborative process.

Guidance for the student/advisor relationship is as follows:

Academic Advising

Role of the Advisor

1. Help students in the selection of required and elective courses based on program pathways and interest.
2. Assist students in reviewing academic progress and standing via DegreeWorks, accounting for credits, grades, and GPA as aligned with the BSW program and university guidelines.
3. Support students in navigating any academic and/or conduct concerns. Faculty Advisors are charged with assisting in monitoring their students' readiness for professional practice.

4. Share campus and/or community resources (e.g., Writing Center, Jamil Niner Student Pantry) when necessary to support academic and personal difficulties that may impact performance.
5. May attend students' Multi-Step Resolution Process Step I, Step II, or Step III support meetings.
6. May nominating their students for special recognition and encouraging their students to participate as graduate students in public and professional arenas.
7. Consult and support the BSW Program Director and Practicum Education Director/Assistant Director with withdrawals, leaves of absence, medical leaves, transitions, and terminations.
8. Refer students to Social Work Faculty Coordinators for specialty programs such as Child Welfare, and School Social Work Licensure.
9. Communicate with students at least once a semester either by email, in-person, through UNC Charlotte web conferencing tools (e.g., Zoom, Google Meet), or by phone. Faculty advisors are encouraged to provide flexible appointment times, including some evenings and weekends.
10. Utilize university programs to provide advising notes and recommendations. Faculty Advisors are encouraged to post notes after each advising session so that records are clear and concise. Additionally, some faculty advisors may hold group advising sessions to disseminate information across an entire group.

Role of the Student

1. Be familiar with BSW program course requirements based on their pathway and degree plan.
2. Check UNC Charlotte email on a regular basis at least every 48 hours.
3. Read and consult as necessary the BSW Program Handbook and Practicum Education Handbook.
4. Meet with the assigned Faculty advisor, as needed. Students are strongly advised to meet each semester, especially during the first year, to support their progress in the program.
5. Review and follow all advising, registration, and practicum education information and guidance.
6. Be familiar with campus and community resources available to students.
7. Contact Faculty Advisor regarding any academic and conduct concerns. Students may also request that their Faculty advisor attend any Multi-Step Resolution Process Step I, Step II, or Step III support meetings.
8. Inform your advisor of any major changes that may impact your progression in the program.

Students are ultimately responsible for the accuracy of their academic enrollment, progress, and completion.

School of Social Work staff are available for general academic and professional advising questions. Staff such as our Program Associate, Administrative Support Specialist, and Project Coordinator for Student Outreach and Engagement are available for student support for the following:

- BSW program requirements
- Class scheduling
- Curriculum structure
- Scholarship information
- School Social Work Licensure information
- Child Welfare Education Collaborative information
- State Licensure/Certification information
- General graduate student assistance

Professional Advising

Role of the Advisor

1. Communicate with students at least once a semester either by email, in-person, through UNC Charlotte web conferencing tools (e.g., Zoom, Google Meet), or by phone. Faculty advisors are encouraged to provide flexible appointment times, including some evenings and weekends.
2. May refer students to other faculty, campus and/or community resources related to professional development and growth.
3. The BSW Practicum Office provides annual virtual information sessions regarding different areas in social work such as school social work, child welfare, medical social work, and military social work.
4. Share any relevant professional and career information with students.
5. Formal and informal advising may occur before, during, or after classes, through scheduled appointments, and by networking and special events.

Role of the Student

1. Consider:
 - a. Participating in the Practicum Office sponsored events such as the Practicum Fair and informational sessions.
 - b. UNC Charlotte University Career Center events such as virtual drop-in, career communities, and meet-ups.
 - c. Participate in student governance (i.e., BSW Committee Program and/or School Advisory Board Student Representative) and student organizations (e.g., BSW Club and Advocates for Change)
 - d. Review state, national, and international Social Work related organizations
 - e. Participate in unit, college, campus, and community events
 - f. Research possible career opportunities, masters, doctoral, and certificate programs, and the licensure process.
2. Fully engage in course based professional development activities (e.g., resume review, resume presentations, specialization modules, guest speakers).
3. Keep your resume and/or CV updated.

4. Uphold the NASW Ethics Code of Conduct.
5. Contact Faculty Advisor to discuss post-graduation and career related ideas and plans.

SOWK 3482. Social Work Practicum I. (3) Prerequisites: Upper Division standing and SOWK 3181. Students complete an approved supervised practicum experience 16 hours per

week. Students concurrently participate in a practicum seminar to reinforce and enhance their practicum experience.

SOWK 3484. Social Work Practicum II. (3) Prerequisites: Upper Division standing, SOWK 3182, and SOWK 3482. Students complete an approved supervised practicum experience and concurrently participate in a practicum seminar to reinforce and enhance their practicum experiences.

SOWK 3900. Social Work Research I. (3) Prerequisite: Upper Division standing. Introduction to research methods and skills used in social work.

SOWK 3988. Social Work Research II. (3) Prerequisites: Upper Division standing and SOWK 3900. Corequisites: SOWK 3182 and SOWK 3482. Quantitative and qualitative research and the understanding of scientific and ethical approaches to building knowledge.

Upper Division Progression

In order to promote the progression of competent students through the Upper Division component of the social work major and eventually into the social work profession:

1. **Grade Point Average.** Students are considered to be in academic difficulty if their GPA drops below 2.0. Students will be advised to withdraw from the program if their grade point average falls below 2.0 overall or 2.25 in the Social Work major.
2. **Course Grades.** Students must receive a **grade of C** or better in every Upper Division SOWK course including Abnormal Psychology. Students who receive two grades of D or F during matriculation in Upper Division will be dismissed from the major.
3. **Course Repeat.** Students who earn a grade of D or F are permitted **one course repeat** (i.e., students may pursue a course repeat on one occasion only during matriculation in Upper Division). Students who repeat a course and achieve a grade of C or higher may continue to progress in Upper Division. Students who receive a grade of D or F for a course repeat will be dismissed from the major. Students who have received No Credit in courses required for the social work major will need to retake the courses. However, this will not count towards their repeated course policies.
4. **Practicum Repeat.** Students are permitted to apply to repeat a practicum course only once, with the permission of the Practicum Education Committee. The Practicum Education Committee will review the student's application to repeat Practicum, as well as their overall performance in the Program, and will decide whether the student will be permitted to repeat the Practicum practicum course. Practicum Education Committee denial decisions for repeating practicum will result in a student's dismissal from the major. In addition, a student who is permitted to repeat practicum and does not achieve a grade of C will be dismissed from the major.

Transfer Credit

The University Admissions Office initially determines which courses can be transferred from other colleges and universities. A minimum course grade of a "C" at the previous institution is a basic requirement for every transfer course. The BSW Program determines whether transferred courses may exempt students from taking courses required in the Social Work major. Social work courses are waived only when the Program Director determines that a transferred course is equivalent to a required course. All Practicum courses must be taken at UNC Charlotte.

Credit for Life and Work Experience

The BSW Program does not give credit for previous work or life experiences.

Residency Requirement

In accordance with University policy, students must earn at least 25% (30 credits) of baccalaureate degree requirements at UNC Charlotte, including a minimum of the last 12 semester hours in the major. More information can be found here: [Residency Requirement](#)

Grade of Incomplete

In accordance with University policy, a grade of “I” (Incomplete) is assigned *at the discretion of the instructor* when a student who is otherwise passing has not, due to circumstances beyond his or her control completed all the work in the course. The missing work must be completed by the deadline specified *by the instructor* or during the next semester (fall or spring) in residence, but no later than 12 months after the term in which the “I” was assigned, whichever comes first. If the “I” is not removed during the specified time, a grade of F, U, or N as appropriate is automatically assigned. *The grade of “I” cannot be removed by enrolling again in the same course.* [Link to the University’s withdrawal and cancellation of enrollment policy.](#) Faculty should notify the BSW Program Director of students receiving an incomplete in courses and the plan for credit completion. If a student receives an “I” in a course that is a prerequisite for the next course, they will not be able to continue with the next course sequence until the grade is updated from incomplete to a passing grade.

Practicum Education

Upper Division students begin working with the Practicum Office in the fall of their first year of upper division. The Practicum Office will communicate with prospective Practicum students during their Upper Division Orientation as well as through the student’s UNC Charlotte email account. The Practicum Office will also host a meeting with students to discuss the practicum placement process. Applications for practicum are due in January 2025. Students are expected to work with the Practicum Office during their junior year and summer prior to senior year to finalize the practicum experience. Practicum placement starts in the fall of the final year of the student’s degree program and concludes at the end of the spring semester of the student’s graduation. ([Practicum Education Handbook 2024-2025](#))

Practicum Education Courses Professor Continuity

In regards to the Social Work practicum seminars series, social work students are required to keep the SAME Faculty Liaison (practicum professor) and course section for the Fall and Spring semesters for continuity across practicum placements. It is the responsibility of the student to register for the same Faculty Liaison Professor and course section during Spring Registration.

North Carolina Child Welfare Education Collaborative

The CWEC is a trainee program for students interested in child welfare. Students complete pre-service training, integrate child welfare principles within the curriculum, and must complete the practicum placement requirements. For more information, please visit the [Child Welfare](#)

[Education Collaborative](#) website. For additional information about participating in the North Carolina Child Welfare Education Collaborative please contact ssw-childwelfare@charlotte.edu.

School Social Work Licensure

Graduates of the Program may also qualify for licensure as a school social worker in the state of North Carolina. The School Social Work license is awarded by the North Carolina Department of Public Instruction. To be eligible for school social work licensure, BSW students must complete a two-semester Practicum placement in a school setting, take School Social Work course, and take another course from a list of approved electives. Jacquelyn Garcia, School of Social Work Licensure Coordinator, has additional information about school social work licensure. She can be reached at jgarci43@charlotte.edu or 704-750-1831. Information is also available at <https://socialwork.charlotte.edu/bachelor-social-work-bsw/school-social-work-licensure> and <https://ncsswa.net/>. Students interested in school social work licensure should begin planning with their advisors and Practicum Office as early in the program as possible.

Social Work & Gerontology Dual Practicum Experience

Students majoring in Social Work and minoring in Gerontology have the option to complete both experiences at one Practicum site. The site must agree to the terms of both the Social Work and Gerontology program and provide the appropriate supervision of each student. The Practicum Instructor/Supervisor would be responsible for completing required paperwork for both the Social Work program and the Gerontology program. Students should work with the Practicum Office and Gerontology advisors to plan accordingly. For more information, please visit: Social Work & [Gerontology Dual Practicum Experience](#) website and the [Gerontology Program](#) website.

The School of Social Work

Multi-Step Resolution Process for Student Academic and Performance Issues

To promote student success, the School of Social Work (SSW) has the following multi-step process for resolving academic performance and conduct concerns that are not addressed through University procedures.

All students in the program are expected to maintain the following standards established by UNC Charlotte, the School of Social Work, and those held by the profession including:

- [UNC Charlotte Code of Student Responsibility](#)
- [NASW Code of Ethics](#)
- [CSWE EPAS 2022](#)
- [ASWB Technology Standards](#)
- SSW Professional Standards (below)

Policy of Student Continuation

Please refer to the BSW or MSW Educational Requirements in the Handbook for the current year.

Commitment to Non-Discrimination

The School of Social Work seeks to promote a just and respectful educational opportunity. Aligned with the University (see [University Policy 501, Nondiscrimination](#)), we prohibit unlawful discrimination and harassment on the basis of race, color, religion, age, national origin, physical or mental disability, veteran status, genetic information, sex, sexual orientation, or gender identity in academic and practicum programs.

Professional Standards Requirements

Due to the nature of professional social work practice, the School of Social Work has different expectations of students than do non-professional programs. The standards are linked to students' abilities to become effective social work professionals and are provided so that students and faculty can be clear about expectations and procedures to address practicum performance concerns. The ultimate goal of the Standards is to help students have a successful experience in the Social Work Program. Persons who teach and supervise students, along with program directors, will assess student performance and apply their professional judgment to determine if standards are being met during a student's course and/or practicum. Professional judgment is the capacity to assess a situation by applying the values and knowledge of the social work profession, combined with a professional's own experience and practice wisdom. It also represents the application of knowledge, values, and skills to making decisions in a helping process.

In order to meet its responsibilities to provide quality professional education and to ensure that its graduates are able to function in a broad variety of professional situations, the School of Social Work evaluates the performance of its students in five general areas:

- 1) Basic Abilities to Acquire Professional Skills
- 2) Mental and Emotional Abilities for Performance and Professional Practice
- 3) Professional Performance Skills for Work with Clients, Communities, and Professional Practice
- 4) Scholastic/practicum Performance
- 5) Commitment to engage in a respectful manner with diverse individuals and communities

Meeting the criteria for scholastic achievement is necessary but not sufficient to ensure continued enrollment in a program. Both professional behavior and scholastic performance comprise academic standards. The School of Social Work will provide reasonable accommodations that do not fundamentally alter the program for qualified students with disabilities when those students register with the Office of Disability Services.

Basic Abilities Necessary to Acquire Professional Skills:

Communication Skills

Demonstrates sufficient written, comprehension, and expressive skills to communicate about ideas and feelings:

- a) Written: Writes clearly, uses correct grammar and spelling. Applies appropriate writing style, including the latest version for American Psychological Association (APA)

referencing, appropriate source citation, and documentation. Demonstrates sufficient skills in written English to understand content presented in the program and to complete all written assignments to standards specified by faculty. Note: Students may be required to attend the Writing Resource Center to enhance written communication skills.

b) Comprehension: Listens carefully to others' emotions, thoughts, and ideas, with sensitivity to others' right to self-determination. Accurately interprets information from clients, other agencies, peers, mentors, and instructors.

c) Expressive: Communicates effectively and sensitively with other students, faculty, staff, clients, and professionals. Expresses ideas and feelings clearly and demonstrates a willingness and an ability to listen to others. Demonstrates sufficient skills in English to complete assignments that involve self-expression and to meet the objectives of practicum placement experiences, as specified by faculty.

Interpersonal Skills

Demonstrates the interpersonal skills needed to relate effectively with other students, faculty, staff, clients, and professionals and to fulfill the ethical obligations of the profession. These include compassion, empathy, altruism, integrity, and demonstration of respect for and consideration of others. Takes appropriate responsibility for own actions and considers the impact of personal actions on others.

Cognitive Skills

Exhibits sufficient knowledge of social work and clarity of thinking to process information and apply it to appropriate situations in classroom and practicum. Demonstrates grounding in relevant social, behavioral, and biological science knowledge and research-including knowledge and skills in relationship building, data gathering, assessment, intervention, and evaluation of practice. Exhibits ability to conceptualize and integrate knowledge and apply that knowledge to professional practice.

Physical Skills

Exhibits sufficient motor and sensory abilities to attend and participate in class and practicum placement.

Emotional and Mental Abilities Necessary for Performance in the Program and Professional Practice

Stress Management

Demonstrates ability to recognize and to deal with current life stressors through the use of appropriate coping mechanisms. Handles stress effectively by using appropriate self-care and developing appropriate supportive relationships with colleagues, peers, and others.

Emotional and Mental Capacities

Uses sound judgment. Seeks and effectively uses help for medical or emotional problems that interfere with scholastic and professional performance. (Students are encouraged to utilize Counseling and Psychological Services (CAPS) at UNC Charlotte for treatment and/or referral.)

Engages in counseling or seeks out support and help if personal problems, psychosocial distress, substance abuse, or mental health issues do any of the following:

- Compromise scholastic and other performance, or
- Interfere with professional judgment and behavior, or
- Jeopardize the best interests of those to whom the social work student has a professional responsibility as outlined in the current Code of Ethics by the National Association of Social Workers, the North Carolina State Board of Social Worker Examiners for Social Work Licensure, and the Association of Social Work Boards (ASWB)

Professional Performance Skills Necessary for Work with Clients, Communities, and Professional Practice

Professional Commitment

Exhibits a strong commitment to the goals of social work and to the ethical standards of the profession, as specified in the NASW Code of Ethics. Demonstrates commitment to the essential values of social work that include the respect for the dignity and the worth of every individual and recognition of possible disparities in access to information, services, and resources among different segments of the population.

Professional Behavior

Exhibits behaviors that are in compliance with program policies, institutional policies, professional ethical standards, and federal, state, and local laws in the classroom, University community, practicum, and community at-large. For practicum, follow dress code and expectations based on agency policy. Shows potential for responsible and accountable behavior by knowing and practicing within the scope of social work, respecting others, being punctual and dependable, prioritizing responsibilities, attending class regularly, observing deadlines, completing assignments on time, keeping appointments or making appropriate arrangements, and accepting supervision and criticism in a positive manner. Works effectively with others, regardless of level of authority. Advocates for oneself in a responsible manner and uses proper channels for conflict resolution according to the Step Process in the current Program and practicum Handbooks. Shows a willingness to receive and accept feedback and supervision in a positive manner, as well as use such feedback to enhance professional development.

Self Awareness

Exhibits knowledge of how one's values, attitudes, beliefs, emotions and past experiences affect thinking, behavior and relationships. Accurately assesses one's own strengths, limitations, and suitability for professional practice. Shows awareness of self and how one is perceived by others. Reflects on one's own limitations as they relate to professional capacities. Is willing to examine and change behavior when it interferes in working with clients and other professionals.

Ethical Obligations

Current behavior and classroom performance demonstrate adherence to the ethical expectations and obligations of professional practice, noted in the NASW Code of Ethics and the Code of Ethics for Social Work Licensure in North Carolina. Ethical behaviors include:

Adherence to the NASW Code of Ethics and the Code of Ethics for Social Work Licensure in North Carolina.

- No convictions of a criminal offense that is contrary to professional practice.
- Systematic evaluation of clients and their situations in an unbiased, factual way. Suspension of personal biases during interactions with others.
- Comprehension of another individual's way of life and values. Empathic communication and support of the

client as a basis for a productive professional relationship

- Appreciation of the value of diversity. Effective and nonjudgmental relation to and work with others who are different from oneself. Appropriate service to all persons in need of assistance, regardless of the person's age, class, race, religious beliefs, gender, disability, sexual orientation, and/or value system. No imposition of personal, religious, sexual, and/or cultural values on clients.
- Demonstration of respect for the rights of others. Commitment to client's freedom of choice and self-determination.
- Maintenance of confidentiality as it relates to human service, classroom activities, and practicum placement.
- Demonstration of honesty and integrity by being truthful about background, experiences, and qualifications; doing one's own work; giving credit for the ideas of others; and providing proper citation of source materials.
- Demonstration of clear, appropriate, and culturally sensitive boundaries. Does not sexually harass others; make verbal or physical threats; become involved in sexual relationships with clients, supervisors, or faculty; abuse others in physical, emotional, verbal, or sexual ways; or participate in dual relationships where conflicts of interests may exist.

Scholastic/practicum Performance

Student maintains scholastic requirements as indicated in the respective program (BSW/MSW/Practicum) per student handbook.

Commitment to engage in a respectful manner with diverse individuals and communities

Respecting the dignity and worth of every individual, including the individual's identities, experiences, background, and perspectives. Contribute to a community culture within the unit and practicum placement, which supports and encourages open dialogue, increases understanding and awareness, and demonstrates respect for all people in language and behavior in consideration of individual, family, organization, and/or community context.

School of Social Work Multi-Step Resolution Process

Procedures Governing Concerns related to Social Work Students

Step 1. Consultation with the student. Instructors should work directly with the student to resolve academic performance and/or classroom conduct concerns using a problem-solving approach. A problem-solving approach means the instructor identifies a specific behavior of concern, communicates constructively and respectfully with the student about the specific concern, and, with the student's input, develops a specific action plan for resolving the concern. It is the instructor's responsibility to inform the student that the meeting is considered a Step 1 meeting and document the concern including details about the meeting, and the proposed plan for resolving the concern. Faculty members are encouraged to inform students about available campus resources that can help them. Faculty members are also encouraged to inform and document students about the potential consequences of not resolving the concerns (i.e., failing grade on an assignment or in the course). Academic concerns that implicate [University Policy 407, Code of Student Academic Integrity](#) or conduct concerns that implicate [University Policy 406, Code of Student Accountability](#) should be directed to and processed through Student Accountability and Conflict Resolution.

Step 2. Consultation with the BSW/MSW/Practicum Program Director. If the concern remains unresolved after Step 1, the instructor may forward documentation about the initial meeting with the student to the BSW/MSW/Practicum Program Director. The BSW/MSW/Practicum Program Director will either suggest an alternative solution to the instructor or schedule a meeting with the student to discuss the concern. In cases where an alternative solution is proposed, the instructor will communicate with the BSW/MSW/Practicum Program Director about the outcome and, if the suggestion did not resolve the concern, the Program Director will schedule a meeting with the student. The instructor is welcome to attend the meeting between the student and the BSW/MSW/Practicum Program Director. It is the BSW/MSW/Practicum Program Director's responsibility to document the concern and inform the student that meeting or alternative solution is considered Step 2 in the process and develop an action plan. The details about the meeting with the student and the proposed action plan for resolving the concern will be documented. The BSW/MSW/Practicum Program Director will provide an updated plan/outcome via email to the instructor and the student within five (5) business days of the meeting with the student.

Step 3. Formal Review. If the student concern is still unresolved after Step 2, the concern may be referred for an Academic and Performance Formal Review.

Academic and Performance Panel

To begin the formal review process, the instructor and/or appropriate Program Director should contact the Assistant Director to request an Academic and Performance Formal Review. The Assistant Director will request any relevant documentation related to the concern and then will consider if any existing university policies apply and will make a determination if the concerns

should be submitted to an external support office on campus or if the concerns should be reviewed by an internal academic and performance panel.

The Academic and Performance Panel (APP) involves the Assistant Director, the Program Director depending on the student issue (e.g., BSW/MSW/Practicum), and if requested by the instructor or panel, an additional SSW faculty member that will be appointed by the SSW Director. The APP will review cases referred for formal review, formulate next steps and also review requests for reinstatement and readmission.

Students may be referred for a number of reasons including, but not limited to:

- Failure to maintain the standards of UNC Charlotte, the School of Social Work, and those held by the profession
- Marginal performance towards CSWE competencies for social work practice
- Failure to meet academic requirements of UNC Charlotte, The UNC Charlotte Graduate School, and the School of Social Work
- Failure to adhere to agency policy and professional standards during practicum placement
- Suspension and/or termination from practicum placement
- Relating to students, colleagues, professors, client and/or agency personnel in a disrespectful manner
- Pattern of problematic behavior
- Request by faculty member for a review due to the student's poor coursework/practicum performance
- Uncertainty about the social work profession and/or
- Request for reinstatement and/or readmission

Procedures for the Academic and Performance Panel

The APP will reach out to the student to inform them about the concerns, any immediate requirements and/or referrals (e.g., Niner Cares, Student Accountability, Civil Rights and Title IX, CAPS, CIC, Wellness Promotion) and request a formal review meeting. Any relevant documentation will be collected and made available to the student at least 1 day prior to the meeting. If the student would like to submit any documentation, the documents must be submitted to the APP 1 day prior to meeting. Possible types of relevant documentation include:

- (1) Prior documentation related to the concern.
- (2) Statement from the Student. Please note if the statement includes any safety concerns, harassment or discrimination claims, a referral will be made to the appropriate campus office
- (3) Letters of support, materials pertaining to the student's course and/or practicum performance and feedback from faculty, practicum instructors/task supervisors, advisors, and other appropriate parties such as the Division of Student Affairs that may have worked with the student.

The formal review may occur in-person or virtually at a mutually agreed upon time. The student may bring one support person and must complete a [FERPA waiver](#) form for the support person. If the student chooses to bring a support person that is also a member of the SSW, the dual roles will be considered by the APP to assess for any possible conflicts of interest.

During the meeting all parties will have an opportunity to share and request any additional information. A member of the APP will take notes. If the student requires accommodations, they should contact the [Office of Disability Services](#) prior to the meeting. The APP will review the materials that have been submitted and make a decision even if the student chooses not to attend the meeting.

The APP's decision will be submitted to the School of Social Work Director. The APP has 2-3 weeks to complete the formal review process from the time of referral.

Course of Actions

Possible outcomes include the following:

- a. *Continue without new conditions:* The concern(s) have been addressed and no further action is needed.
- b. *Continue with new conditions:* The concern(s) have been substantiated and a Formal Compliance Plan is established, which may include, but is not limited to, setting goals, mentorship and support, additional advising, adjustments to the students course plan, additional courses and/or practicum hours. Additionally, the circumstances may require documentation in the student's record and other university level sanctions. The Compliance Plan is accepted by the student.
- c. *Recommended for Academic Suspension:* If a Compliance Plan is not offered or is declined, for undergraduate students, the program will follow university procedures for academic suspension and for graduate students, the program will make a recommendation for Academic Suspension to the Graduate School. This outcome will occur within 7 days after the student is notified.

Appeal Process

Students have the right to appeal the decision of APC. Appeals should be made in writing/electronically to the SSW Director within 5 days after the decision. The SSW Director will review the appeal and determine next steps and/or the final decision. If the decision is related to practicum, the student will not be placed in a practicum until the appeal is resolved.

Reinstatement Procedures and Readmission

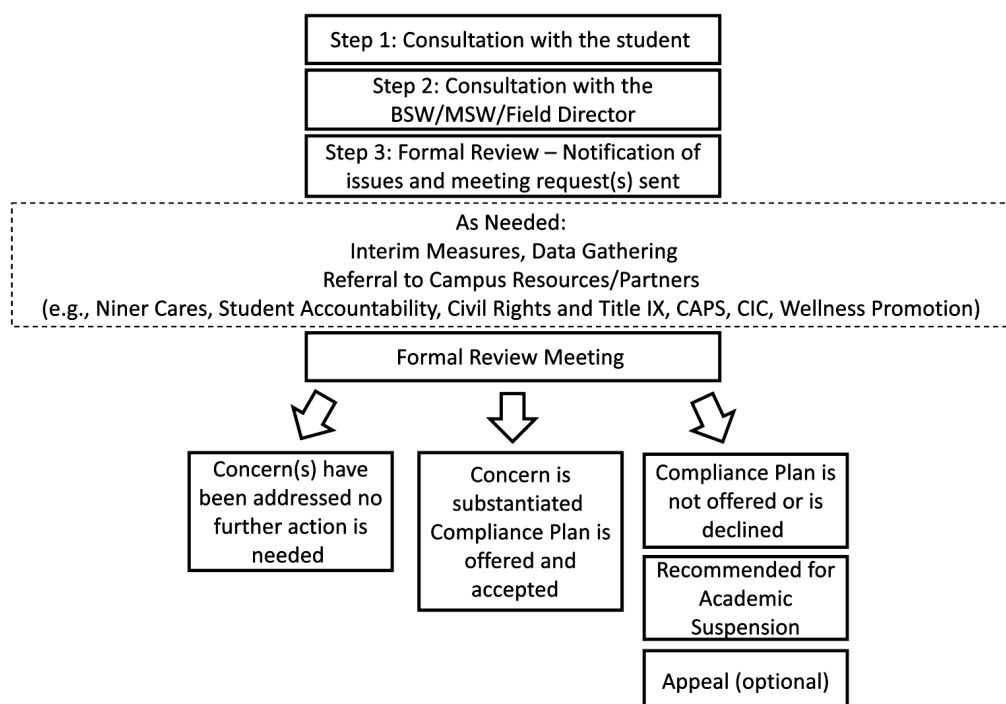

The SSW will follow the outlined Reinstatement and Readmission policies for undergraduate and graduate students in the Division of Academic Affairs and Graduate School, respectively.

Students returning to practicum placement after suspension, reinstatement, or readmission should refer to the policy on Returning to practicum Placement in the current practicum Education Handbook.

Exceptions to the Multi-Step Resolution Process

University policies and procedures take precedence over the Multi-Step Resolution process. Violations of the University-level Code of Student Responsibility - Policy 406 and The Code of Student Academic Integrity warrant immediate action and are addressed through University procedures. In addition, there may be some other student conduct issues that warrant immediate action (skipping Steps 1 and 2). It is within the purview of the BSW/MSW/practicum Program Director to proceed to an immediate Formal Review (Step 3) in such cases.

Multi-Step Resolution Process for Student Academic and Performance Issues Process Flow

Procedures for Student Concerns about Instructors or Program

Procedures Governing Concerns Related to Instructors

Student Concerns about an Instructor:

Students might experience concerns with their course instructor. The student should follow a multi-step process for resolving concerns about a course instructor.

Step 1. Consultation with the Instructor - Approach the instructor and work directly with the instructor to address the concern using a problem-solving approach - A problem-solving approach means the student has identified a specific behavior of concern, communicates constructively and respectfully with the instructor about the specific concern, and, devises a specific plan for resolving the concern. It is the student's responsibility to document the concern, the meeting time, and the proposed plan for resolving the concern or clearing up misunderstandings. It is strongly recommended that the student communicate the outcome of the meeting via email to the instructor; this serves as an opportunity to thank the instructor for being responsive, clearing up the outcome of the meeting, and documenting that the issue was addressed.

Step 2. Consultation with the BSW Program Director - If the concern remains unresolved after Step 1, the student can make an appointment to speak to the BSW Program Director.. Copies of written communication with the instructor about the student's concern will be helpful. The BSW Program Director will suggest an alternative solution to the concern. At Step 2, it is the BSW Program Director's responsibility to document the concern, the details about the student meeting, and the proposed plan for resolving the concern. The student will carry out the alternative solution. For instances when the BSW Program Director is also the Instructor, the School of Social Work Director (or designee) will be consulted.

Step 3. Joint Meeting - If the concern is still unresolved after Step 2, then the student, the Instructor, and the BSW Program Director (or alternate) will meet jointly to discuss a solution. All parties will arrive at a consensus solution. It is the BSW Program Director's responsibility to provide written documentation of the meeting and the consensus solution. For instances when the BSW Program Director is also the Instructor, the School of Social Work Director (or designee) will be consulted.

Step 4. Formal Grievance - If Steps 1 through 3 do not resolve the issue, the student might consider a formal grievance. Information related to student grievance policies and procedures can be found at: <http://legal.uncc.edu/policies/up-411>. *Students are free to file a grievance at any time*, but following Steps 1 through 3 is a way to ensure the Dean of Students Office that the student has taken reasonable steps to resolve their concerns.

Exception to Steps 1 through 4.

Some instructor conduct warrants immediate attention. This includes intentional intimidation of students, harassment, disregarding student confidentiality, blatant discrimination based on student characteristics, or threats of harm to students. These behaviors should be reported immediately to the BSW Program Director (or alternate). For instances when the BSW Program Director is also the Instructor, the School of Social Work Assistant Director will be consulted. All instances of this conduct result in an immediate Joint Meeting (Step 3). The BSW or MSW Program Director will be kept apprised of the case.

Special Note about Student Programmatic Feedback

Students are encouraged to provide feedback about the program to their BSW Committee Representative, to be discussed during Committee Meetings. Students are also encouraged to participate in the end of year surveys.

Additional University Procedures

The School of Social Work follows all University grievance procedures. Students are encouraged to click the links to read relevant policies and procedures in their entirety.

[University Policy 403](#): In order to maintain a harmonious relationship between The University of North Carolina at Charlotte and its students, it is the policy of the University to provide for the settlement of problems and differences through orderly grievance procedures. Every student shall have the right to present their problem, in accordance with the procedures established, in order to seek redress free from interference, coercion, restraint, discrimination, or reprisal. The following procedures have been established to address areas of concern to students:

- [Discriminatory personal conduct](#)--violations of [Title VII of the Civil Rights Act](#) and [Title IX of the Education Amendments](#)
- [University Policy 411, Student Grievance Procedure](#)--applies to alleged discrimination on the basis of race, color, religion, sex (including sexual orientation and gender identity and expression), age, national origin, or disability as well as problems arising in the relationship between a student and the University that are not governed by other specific grievance procedures
- [University Policy 406, Code of Student Responsibility, Chapter 8, Sexual Misconduct Complaint Procedures](#) (Replacing [Sexual Harrassment Policies and Grievance Procedures](#) as they relate to student-on-student sexual harassment)
- Student conduct procedures under [The Code of Student Responsibility](#) and the [Code of Student Academic Integrity](#)
- Appeals from denials of admission or readmission to the University under [Admission Appeals Process](#)
- Review of decisions concerning [residency status, deposits, tuition, and fees](#)
- [University Policy 410, Policy and Procedure for Student Appeals of Final Course Grades](#)
- [Undergraduate student academic appeal and grievance procedures](#)
- [Graduate student academic and termination appeals](#)
- Serious grievances related to the [student's education records](#)
- Grievances related to [delivery of special services to students with disabilities](#)

Students in the BSW program may find [University Policy 411, Student Grievance Procedure](#), noted in the list above, to be helpful for addressing problems not governed by other specific grievance procedures (e.g., - programmatic concerns). Policy 411 encourages, but does not require, students to discuss their grievance with the person alleged to have caused the grievance. It also outlines the process for having the concern reviewed by a unit administrator.

BSW Student Professionalism Standards

The BSW Program has a set of professional behaviors that students are assessed on in particular classes. These behaviors are expected for social workers and align with the professionalism standards of the social work profession. Students will not receive a grade on these standards but may engage in self-assessment, peer assessment and instructor assessment. These standards are

utilized to enhance professional behaviors **prior** to working within the Practicum. Please see the standards in Appendix B.

University, College, and School of Social Work Policies

Accommodations for Disabilities

No otherwise qualified student shall, on the basis of disability, be subjected to discrimination or excluded from participation in the School of Social Work. A student with a disability may be protected by the Americans with Disabilities Act (ADA) and be eligible for a reasonable accommodation to provide equal opportunity to meet academic criteria for professional behavior and scholastic performance. Any otherwise qualified student with a protected disability who requests a reasonable accommodation must notify the UNC Charlotte Office of Disability Services and provide documentation as needed. The Office of Disability Services will work with the faculty member(s) on how to accommodate the student. Contact information and resources for the Office of Disability Services is listed below:

- Disability Services website: <https://ds.charlotte.edu/>
- Non-Discrimination on the Basis of a Disability - University Policy 501.1 - <https://legal.uncc.edu/revisions/2014-11-04/new-policy-501.1-nondiscrimination-basis-disability-regulation>
- DS phone number: 704-687-0040

Special Note about Student Impairment

Students experiencing substance abuse or other mental health challenges that interfere with their academic and/or Practicum work should seek consultation with their faculty advisor. Students are also encouraged to seek support from CAPS (<https://caps.charlotte.edu/>), that provides resources, services, or referrals to appropriate facilities in the community. If a faculty member or student suspects impairment of a colleague, please refer to the NASW Code of Ethics 2.08 and 4.05 (<https://www.socialworkers.org/About/Ethics/Code-of-Ethics/>), University Policy 711 (<https://legal.uncc.edu/policies/up-711>), and/or the Multi-Step Resolution Process for guidance on remedial actions.

University Code of Student Responsibility

The purpose of the Code of Student Responsibility (the Code) is to protect the campus community and to maintain an environment conducive to learning (Introductory statement from the UNC Charlotte brochure about the Code of Student Responsibility). The entire document may be found at <https://legal.uncc.edu/policies/up-406>

Academic Integrity

All students are required to read and abide by the *Code of Student Academic Integrity*. Violations of the Code of Student Academic Integrity, including plagiarism, will result in disciplinary action. Students are expected to submit their own work, either as individuals or contributors to a group assignment. Definitions and examples of plagiarism are provided in the Code book, which is available online at: <http://www.legal.uncc.edu/policies/ps-105.html>
 Note: Faculty may ask students to produce identification at examinations and may require students to demonstrate that graded assignments completed outside of class are their own work. Faculty are strongly encouraged to adhere to the academic integrity policy when there are

suspected incidents of plagiarism. Students may wish to seek additional information about the academic integrity policy should an issue or concern arise.

Academic Integrity on the use of AI in the classroom:

All students are required to adhere to instructor guidelines on acceptable use of AI in coursework (e.g., ChatGPT). In general, instructors permit the use of AI tools to brainstorm and refine ideas, finding information about your topic, and potentially drafting an outline. However, AI may not be used to impersonate you in classroom contexts (e.g., using AI to compose discussion board comments), completing group work that is assigned to you, drafting a written assignment, or writing entire sentences, paragraphs, or papers for classroom assignments.

English as a Second Language

If the student speaks English as a second language, the student should inform course instructors as soon as possible.

Nondiscrimination Policy

The University of North Carolina at Charlotte affirms that its educational and employment decisions must be based on the abilities and qualifications of individuals and may not be based on irrelevant factors, including personal characteristics, that have no connection with academic abilities or job performance. Therefore, the University prohibits discrimination and harassment in its educational and employment decisions and provides equal opportunities for all members of the University community and for all those seeking to join the University community.

The following factors may not form the basis for educational or employment-related decisions: race; color; religion, including belief and non-belief; sex, including but not limited to pregnancy, childbirth, or related medical condition, and parenting; sexual orientation; actual or perceived gender identity, including but not limited to gender expression, transition status (including but not limited to physical transition), transgender status, and gender nonconformity; age; national origin; physical or mental disability; political affiliation; veteran status; and genetic information.

In March 2016, the North Carolina General Assembly and Governor Pat McCrory enacted the Public Facilities Privacy and Security Act, also known as House Bill 2. This law replaces local nondiscrimination policies with a statewide policy. The University and the School of Social Work appreciate the serious concerns many have regarding this law. We want to assure every current and future member of our community that UNC Charlotte recognizes and values the inherent dignity and worth of each individual student, employee, and visitor.

Gender-Neutral Bathrooms

One of the requirements of the Public Facilities Privacy and Security Act is that persons must use the bathroom that reflects the gender on their birth certificate rather than their gender identity. UNC Charlotte will continue to label multiple-occupancy restrooms and changing facilities for single-sex use with appropriate signage. However, in 2014, UNC Charlotte undertook an initiative to provide single-occupancy, gender-neutral restrooms across campus to make selecting a restroom easier for all students, faculty, staff, and visitors, including transgender individuals, families, and individuals with disabilities who may have an attendant. A list of gender-neutral restrooms, along with maps to those restrooms and a list of additional planned restrooms, can be found at the link here. <http://legal.uncc.edu/restrooms>

Sexual Harassment

All students are required to abide by the UNC Charlotte Sexual Harassment and Interpersonal Violence Policy (<https://legal.uncc.edu/policies/up-502>), including the policy on Responsible Use of University Computing and Electronic Communication Resources (<https://legal.uncc.edu/policies/up-307>). Sexual harassment, as defined in the UNC Charlotte Sexual Harassment and Interpersonal Violence Policy, is prohibited, even when carried out through computers or other electronic communications systems, including course-based chat rooms or message boards. This Policy also describes the University's processes for investigating and resolving Complaints of Sexual Harassment, Interpersonal Violence, and Retaliation that are outside the scope of Title IX Violations covered by the process described in [University Policy 504, Title IX Grievance Policy](#).

Religious Accommodation

It is the obligation of students to provide faculty with reasonable notice of the dates of religious observances on which they will be absent. A student should request a religious accommodation directly from the University employee overseeing the University program or activity in question. For accommodations within an academic course, the student should ask the instructor of the course for an accommodation. If a student cannot identify the relevant University employee for a specific accommodation request or if the student is requesting an exception to a generally applicable University policy, the student may contact the Office of Civil Rights and Title IX (CRTIX) for assistance.

The request should be made in writing and should state (i) the specific accommodation being requested, (ii) the religious practice or belief the student holds, (iii) how the requested accommodation enables the student to participate in their religious practice or belief, and (iv) the date(s) and/or frequency of the requested accommodation.

The request should be submitted as far in advance as possible. The length of time between when the request is submitted and the date of the requested accommodation may affect the reasonableness of the requested accommodation.

The Religious Accommodations for Students (University Policy 409) can be found here for additional information: <https://legal.charlotte.edu/policies/up-409>

NinerTech and Atkins Loaner Equipment

NinerTech offers compliant models at student discounted pricing that may represent a savings over regular commercial purchase. [Click here](#) to go to the NinerTech Computer Store.

Students may avail themselves of loaner equipment such as that provided via [Atkins Library](#), but should not rely on that option for all of their computing needs. This requirement extends to non-majors, pre-majors and postbac students enrolling in any of our CHHS courses and to students enrolling in courses delivered by CHHS faculty under a designation or cross-list not associated with one of our programs.

Cohort Use of Social Media Sites and Apps

Historically, BSW student cohorts have developed social media pages to stay abreast of volunteer opportunities, student organization updates, and events. These sites are solely maintained and created by students. The School of Social Work does not provide any oversight of these sites. If students decide to utilize these sites to maintain communication within their cohort, they are advised to ensure that the content of the site adheres to the NASW Code of Ethics and professionalism standards. Please do not utilize these sites to belittle students, speak negatively about instructors, or for any negative purposes.

Student Organizations

BSW Club

The UNC Charlotte BSW Club is open to all Social Work majors at both the Lower Division and Upper Division levels and all non majors. The purpose of the BSW Club is to bring together students sharing a common interest in Social Work. The Association is composed of student leaders supported by a designated faculty advisor. The Association elects officers annually from its membership. Student appointees from the Association are eligible to participate on a range of School Committees (e.g., BSW Committee, Student Services Committee, Curriculum Committee, Practicum Committee, Practicum Advisory Board, Community Advisory Board, etc.). Meetings are held monthly. Speakers are invited to present information on topics of interest and the Association also sponsors community service projects. More information can be found on the NinerEngage link: <https://ninerengage.uncc.edu/organization/bswclub>

Phi Alpha

Phi Alpha is the academic honor society for BSW students of excellence. Its purpose is to recognize and advance academic excellence and scholarship in social work practice. Membership eligibility is open only to Upper Division social work majors and is based on academic excellence (3.4 GPA or higher), leadership ability, and a high standard of personal behavior and dedication to the social work profession. Students who meet the above criteria will be sent a letter of invitation to join Phi Alpha. A recognition ceremony is held each spring.

Honors, Awards, and Scholarships

There are a number of honors and awards available for BSW students of excellence.

Honors

Students may apply for admission to the Undergraduate Social Work Honors Program (USWH) during junior year as Upper Division students. A committee in the School of Social Work will determine consideration for the USWH program.

<https://socialwork.uncc.edu/bachelor-social-work-bsw/honors-program>

Admission criteria is as follows:

- 1) Overall GPA of 3.4
- 2) Submit a social work honors application which includes an essay
- 3) Submit a recommendation letter
- 4) Upon acceptance, the student must sign the Honors College Student Code form

Upon acceptance, the student must sign the Honors College Student Code form. Students who are accepted into our Honors program receive the following additional benefits:

- 1) Early enrollment into classes
- 2) Access to University Honors resources and scholarships
- 3) Consideration for residence in University Honors Housing

Dean's List

The Dean's List recognizes full-time undergraduate students who, during the fall or spring semester, earn a grade point average of at least 3.4 and not more than 3.79 in 12 or more semester hours of credit graded A, B, or C, with no grade less than C. A part-time student must earn a combined fall and spring grade point average of at least 3.4 and not more than 3.79 in 12 or more semester hours of credit graded A, B, or C, with no grade less than C.

Chancellor's List

The Chancellor's List recognizes full-time undergraduate students who, during the fall or spring semester, earn a grade point average of at least 3.8 in 12 or more semester hours of credit graded A, B, or C, with no grade less than C. A part-time student must earn a combined fall and spring grade point average of at least 3.8 in 12 or more semester hours of credit graded A, B, or C, with no grade less than C.

Commencement Marshals

At each commencement ceremony, the University honors the juniors with the highest grade point averages by inviting them to serve as the marshals who lead the processions of graduates, faculty members, and the platform party. To select students for this honor, the University considers juniors who have completed 75 hours of degree work, have been enrolled full-time (12 or more hours per semester) during the two most recent semesters, and are able to attend the ceremony.

Graduation with Distinction

Graduating students whose grade point average is 4.0 will be awarded their degree *Summa Cum Laude*. Those graduating with a grade point average of at least 3.7 but less than 4.0 will be awarded their degree *Magna Cum Laude*. And, students graduating with a grade point average of at least 3.4 but less than 3.7 will be awarded their degree *Cum Laude*. To be eligible to graduate with distinction, a student must have a grade point average computed on at least 48 semester hours of credit completed in residence at UNC Charlotte.

Practicum Education Award - Outstanding BSW Practicum Student

All practicum instructors and task supervisors may nominate their student for the Outstanding Practicum Student Award. Winners are selected by the Practicum Education Committee. All nominees and winners will be recognized at the end of the spring semester. Nomination forms will be sent out to Practicum Instructors and/or Task Supervisors in the spring semester.

Practicum Education Award- Outstanding BSW Practicum Instructor/Task Supervisor

Any student in practicum may nominate their Practicum instructor and/or Task Supervisor for the Outstanding Practicum Instructor Award. Winners are selected by the Practicum Education Committee and all nominees and winners will be recognized at the end of the spring semester. Nomination forms will be sent out to students in the spring semester.

BSW Program Awards

Each year the BSW Program Committee decides on awards to present to high achieving, impactful students in our program. These awards are announced at end of year programs. The BSW Program Committee selects the nominees and decides on winners of the awards.

Scholarships

General Scholarships: There are some scholarships available through the University, College of Health and Human Services, and School of Social Work. For more information, visit the UNC Scholarship portal at: <https://scholarships.charlotte.edu/>

Resources

University Supports

In addition to academic advising, the following supports are available to graduate students at UNC Charlotte. Students are welcome to pursue these services at any time. Faculty and staff may refer students to these services for assistance, but a referral is not necessary to access services.

Student Assistance and Support Services (SASS)

The Student Assistance and Support Services (SASS) is available to assist, support and advocate for students experiencing a broad range of issues, concerns or challenges interfering with a student's ability to be successful academically or personally.

<https://sass.charlotte.edu/>

Center for Wellness Promotion

The Center for Wellness Promotion presents a variety of group and campus-wide wellness and prevention activities related to alcohol, tobacco, and other drug use, sexual responsibility, and men's and women's health issues. <https://wellness.charlotte.edu/>

UNC Charlotte Counseling and Psychological Services (CAPS)

Counseling and Psychological Services (CAPS) provides short-term individual and group counseling, psychological assessment, consultation for faculty, staff, parents, and students, and educational programs to the campus community. <https://caps.charlotte.edu/>

UNC Charlotte Speaking Resource Center

UNC Charlotte has formed a Speaking Resource Center housed in Atkins Library Room G33. The Center, sponsored by Communication across the Curriculum (CxC), aims to provide students with aid in crafting oral presentations across a plethora of majors and courses at UNC Charlotte. <https://communication.charlotte.edu/news/speaking-resource-center>

Office of Disability Services (ODS)

If the student has a documented disability and requires accommodation in any course, contact Disability Services the first week of the semester (location: Fretwell 230; and phone: 704-687-4355 voice/TDD). Information about available services may be found at <http://legal.uncc.edu/policies/ps51.html>. Accommodations for learning will be arranged by that office and communicated to the Instructor. See the ODS website for more information

<http://ds.uncc.edu/>

Writing Resources Center

Social work relies on well-developed verbal comprehension skills and expressive communication skills. The BSW curriculum includes a writing component . Most classes have assignments of one major paper and/or several minor papers. Almost all paper assignments require students to use the publication style found in the Publication Manual of the American Psychological Association, 7th edition (2020). For students who want to improve their writing skills, UNC Charlotte has a Writing Resources Center staffed by graduate writing consultants who work with writers at all stages of the writing process: prewriting, focusing, organizing, revising, and editing. Programs include one-on-one and group consulting; online writing consultants for distance education students; classroom presentations; and library and internet research. The Writing Resource Center has dedicated hours for graduate students and also makes individual appointments to accommodate student schedules. Students can find the Writing Resources Center in Cameron Bldg., Room 149. The phone number is 704-687-1899 and email is wrchelp@uncc.edu, website <https://wrc.charlotte.edu/>

Wellbeing Resources from the Center for Integrated Care (CIC): The Center for Integrated Care (CIC) is a one-stop shop for referral and linkage to wellbeing resources both on and off campus. CIC is a front-facing clinical case management department providing coordination of care and continuity of care services, and follow-up for students. CIC provides outreach and programming to encourage and provide more access to care for students who may be ambivalent, unsure or do not have the desire to seek more formal wellness services. In addition, CIC serves as a triage department for faculty and staff to refer students who may not be experiencing crisis but instead may need clinical guidance and direction. Currently, CIC is housed in the Counseling and Psychological Services Building, occupying a dedicated corridor of offices.

Appendices

Appendix A - BSW Approved Population Group Courses (2024-2025)

Appendix B- Student Professionalism Standards Rubric

Appendix A - BSW Approved Population Group Courses

Students admitted into the Social Work lower and upper division major are required to take approved population courses on vulnerable group populations before graduating from the program. The table below identifies the approved population courses and a brief description of each course. Other courses not listed on this form, may be considered as population courses but students will need to check with their advisor for approval. **All** social work elective courses will be accepted even if they are not listed on this population course form.

A cross-listed course is a single course which is simultaneously listed in the schedule of course offerings by two or more academic departments. They share the same meeting times, room, instructor(s), and curriculum. Students may only receive credit for the single section of the cross-listed course for which they are registered.
